Activity/Action	Impact	Comments
<p>Key indication 1 (£7,375 – 37.8%) The engagement of all pupils in regular activity.</p> <p>Key actions in this area included:</p> <ul style="list-style-type: none"> • Offering specialist cycling initiatives (such as Bikeability) for pupils in EYFS, Year 1 and Year 5. • Increasing the number and variety of extra-curricular clubs were offered to our pupils. • Provide top-up swimming lessons to improve the percentage of pupils meeting the national curriculum requirements for swimming and water safety. • Establish playleaders and induct them into the roles. • Provide further opportunities for pupils to engage in physical activity during break and lunch times. 	<p>Improvements have been made in relation to our pupils participating in regular activity.</p> <ul style="list-style-type: none"> • Playleaders have been established and inducted into the role. The school commissioned specialist coaching from 'Full of Beans' Fitness and Sports Coaching to 'activate our playground' in order to help children achieve their 60 minutes of physical activity each day, promoting teamwork and engaging everybody in inclusive activity. • New equipment has been purchased for the children to access, independent outside on the playground. • The top-up swimming lessons for non-swimmers in Year 6 proved successful. At the end of Year 6, 84% of pupils could swim competently, confidently and proficiently over a distance of at least 25 metres. 63% of pupils could use a range of strokes effectively and 95% of the cohort could perform safe self-rescue. 	<ul style="list-style-type: none"> • Whilst we believe that this aim has been achieved, we want to embed the new playleader approach and additional resources need to be purchased to enhance what we provide during lunchtimes. A member of staff has been identified to lead this area of school life. • To ensure that the improvements are sustained, we have budgeted to purchase more equipment, games and storage to further enhance the pupils' experience. • In light of a lack of opportunity to participate in swimming, created by the pandemic and a lack of access of leisure activities outside of school, our Year 6 swimming data was positive. However, moving forward, we feel it is essential to offer swimming lessons to a wider range of age groups. This will allow vital skills to be embedded earlier and built upon in order to create secure and confident swimmers.
